

Santa Claus is on His Way to Coleman!

and will be in the Arena on Friday afternoon, December 25th (Christmas Day) and promptly at 2 p.m. will start on his tremendous task of giving away presents to nearly 950 children. He is being accompanied by his famous ELKS' Band (cousins of the reindeer) and he informs The Journal that this band is able and willing to play any tune from "Barney Google" to "Hail, Hail, The Gang's All Here," so Boys and Girls, if you don't hear your favorite piece, be sure and ask for it. This band, we may say, has never broadcasted over the radio or recorded on gramophone records and have decided that the children of Coleman will be the first to hear them in Canada. They have only been heard in the Arctic and Santa had to do a great deal of coaxing to get them to accompany him to civilization.

His famous team of reindeers is making good time and will haul his sleigh, loaded with presents, on the ice. They are quite tame and they sure must be strong as the presents weigh over 1,400 lbs.

So, Boys and Girls, no matter how young you are or how old you are, get a hold of Dad and Mother and get them to bring you along. The ELKS want everybody from one day old to one hundred and twenty five years old to be at the rink to welcome Santa Claus.

A portion of the steel for the new
tipple and washer being erected at
the International mine arrived last
week. Some of the steel workers
also came in the latter part of the
week, and preparations are now un-
der way to commence active opera-
tions.

ELKS' Christmas Tree in the Coleman Arena on FRI., DEC. 25 Commencing at 2 p. m.

Children from 1 to 6 will take
seats on the South side of the rink.
Children from 7 to 12 will seat on
the North side of the rink

All seats are reserved for children
until all seated. Ladies with small
children may be seated on the
South side.

Any information can be had from
Chairman, F. G. Graham or Sec-
retary Jack Rushton.

Watch The Journal each week for
News of Santa's Coming!

DAUGHTERS OF REBEKAH

Sale of Work

will be held in the
ODDFELLOW'S HALL

on
SAT., DEC. 12th
commencing at 2.30 p.m.

Fancy Stalls, Pantry Stalls and
Candy, etc.

Tea Served 25c

DANCE

in the evening at 7.30 p. m

Admission 50c each

Summit Lodge A.F. & A.M. Elect Officers for 1926

At the regular meeting of Summit
Lodge, A. F. & A. M. on Thurs-
day, Dec. 3, the election of officers
for the ensuing year took place.
The officers elect for 1926 are:
I. P. M., Wor. Bro. Maurice Cook;
W. M. Bro. W. E. G. Hall; S. W.
Bro. W. J. Burns; J. W., Bro. T.
Flynn; secretary, Wor. Bro. Luke
Lindoe; treasurer, Wor. Bro. Joe
Emmerson; Tyler, Wor. Bro. Mc
Keen Hunter.

St. John's festival will be ob-
served by the brethren of the craft
on Dec. 28, when the installation
of officers will take place.

St. Andrews Concert

The following splendid program
was rendered at the St. Andrew's
Day concert given in the Knights
of Pythias hall Saturday, Novem-
ber 28th:

Chairman's address
O. Canada, company.

Slides illustrating "A Trip Across
Canada," and "A Night w/ Burns"
shown by Rev. H. L. Nobbs.

Song, "Scotland Yet," R. Gillis.
Violin solo, "Scottish Airs," J.
Russell.

Song, "My Ain Wee Hoose,"
Mrs. D. Brown.

Instrumental duet, Messrs. Pear-
son and Gardner.

Scottish dancing, Miss C. Fraser.
Song, Mr. P. Smith.

Scotch reading, Mrs. M. Hyslop.
Duet, "The Crookit Hawbee,"
Mr. and Mrs. Young.

Step dancing, Mr. Joe Hall.
Instrumental duet, Pearson Bros.

Song, "The Old Fashioned House,"
Mrs. A. Fraser.

Humorous Scotch reading, Mr.
McLean.

Song, Mr. Young.

Humorous stories, Mr. Downie.
Cornet Solo, Mr. Pearson.

God Save The King, company.

The Alberta Government has de-
clared an open season for deer
extending from December 1st,
1925, until the 30th day of April,
1926, effective only in that part of
the Province of Alberta lying to the
North of Township 69.

A slight error crept into the ad-
vertisement of the Rebekah Lodge
in last week's Journal. The hour
the dance commences on Saturday,
December 12th, read 10.30 p.m.
This should have been 7.30 p.m.

Wee Bairn Called.

Little Doris May, aged 2 years
and 9 months, daughter of Mr.
and Mrs. Alfred Rose, Coleman, passed
away on Thursday of last week after
but a short illness. Much sympathy
is felt for the sorrowing parents as
this is the second bereavement they
have suffered during the past two
years.

The funeral took place on Sunday
from the Ferguson undertaking par-
lors where a brief service was con-
ducted by the Rev. D. K. Allan.
Interment taking place in the local
cemetery.

Note of Thanks

The local branch of the Women's
Institute, wish, through the press,
to thank all those who assisted on
the program at the community con-
cert and the teachers who trained
the children. The School Board for
the piano and the International
Coal & Coke Company for moving
same. Mr. Wm Johnston for the
loan of chairs, Mr. Geo Pattinson
for the loan of furniture. The man-
ager of the Grand for advertising on
slides and assisting on the night of
the concert. The Journal for pub-
licity given the concert, and the
general public for their patronage.
We are pleased to say we cleared
\$170.00.

COLEMAN W. I.
Per Mrs. J. Hollett.

Hon. W. G. Eghert, newly ap-
pointed lieutenant governor of the
province, has taken up his resi-
dence at government house, Ed-
monton, coming here from Calgary,
where he was a resident for many
years. He has appointed Major
A. C. Gillespie, of Edmonton, as
his secretary.

At least one farmer in the ir-
rigated districts is glad he went into
sugar beet raising. This is Wm.
Valgaardson, near Taber, who se-
cured \$354 return from three and
one half acres of land. "The sugar
factory at Raymond is having a
splendid run, and the new sugar
is in demand in the province.

Pinecher Creek Conservatives nomi-
nated R. O. Allison, implement
dealer, to contest that seat in the
next provincial election at a con-
vention held in Pinecher Tuesday.

Mayor J. W. McDonald, of Mac-
leod, was nominated as a Liberal
candidate in the forthcoming pro-
vincial elections at a convention at
Macleod on Saturday.

THE BIG CARNIVAL QUEEN RACE GETS UNDER WAY EARLY FRIDAY MORNING!

Coleman's 1925 Queen Contest is Ready to Start With Six
Winsome Princesses—The Young Ladies Are All
Out to Win and Want Your Help.

The contestants in Coleman's 2nd
annual Carnival Queen contest will
leave the tape at 10 a.m. Friday
morning all free and equal, and for
three or four hectic weeks will do
battle for the high honor of being
crowned "Queen of the Carnival."
The princess securing the greatest
number of votes by the sale of sea-
son skating tickets, will wear the
royal robes and crown at the con-
clusion of the contest.

Take your choice from the follow-
ing winsome young ladies. By buy-
ing your ticket from your favorite
and getting your friends to do like-
wise, is the way to help your candi-
date to win:

Princess Canada—Audrey Ash.
Princess England—May Moores.
Princess Wales—Olive Richards.

Princess Scotland—Marion Wilson
Princess Poland—Mary Kwaney
Princess Italy—Dora Gentile.

Campaign starts at 10 a.m. Fri-
day, Dec. 11th, when all candidates
are to receive their tickets at Rink
Manager J. M. Allan's store. The
purchase of a \$3.00 children's ticket
gives your princess 1000 votes, a
\$4.00 ladies ticket 3000 votes, a
\$6.00 gentlemen's ticket 5000 votes,
and a \$9.00 family ticket 10000
votes.

The committee having charge of
this event consists of Messrs. Wm.
Lew, J. F. Loe, J. M. Allan, and
J. I. Boulton. The standing of the
Princesses will be published
weekly in The Journal together with
other detail in connection with the
big event.

"Ticket sales for the Elks' play,"
"Charley's Aunt," started with a
rush on Monday, and it is expected
that the seating capacity of the
Grand will be sold out long before
the date of the show on Dec. 18th.

The Raitchek whist drive on Sat-
urday was greatly enjoyed, and the
following players received prizes:
Mrs. W. Richardson 1st, Mrs. J. L.
Lonsbury 2nd, Mr. Allan Brown
3rd, Mr. A. Holm 4th.

Mr. Angus Morrison returned to
town this week much improved in
health after undergoing treatment
in a Calgary hospital.

Upton's 12-piece orchestra with
"Charley's Aunt" at the Grand on
December 18th.

A number of children are out of
school in West Coleman owing to a
mild epidemic of mumps.

An interesting presentation took
place at the Palliser hotel on Friday
night, when R. M. Young, late
commissioner of the Western Cana-
dian Coal Operators' Association,
was presented with an 8-tube radio
by the operators who were mem-
bers of the association. The presen-
tation was made by Mr. O. E. S.
Whitcliffe, of Coleman, who referred
to the very excellent services
rendered by Mr. Young during the
time he had been commissioner.
The operators expressed their best
wishes for Mr. Young's future as
general manager of the Canmore
Coal Co.—Calgary Herald.

The penitentiary is no place for a
journalist—it takes too long to com-
plete sentences there.

Mrs. Annie Haines, who has been
a resident of Coleman for many
years, is leaving this week to join
her mother in the Old Country.
Mrs. Haines' many friends in Cole-
man and other towns in The Pass
while deeply regretting her depart-
ure, will wish her "bon voyage"
and health and happiness in the
Old Land.

Coleman Lodge No. 36, I. O. O. F.,
requests the attendance of all officers
and members at their next general
meeting on December 14th. Business
District meeting and initiation.

The local corps of the Salvation
Army are holding their annual
Christmas Tree in their hall on
Tuesday, December 22nd, com-
mencing at 7.30 p.m.

The winners at the Pythian Sis-
ters whist drive Monday night were:
Miss Marion Wilson 1st; Mrs. W.
Richardson 2nd; Mr. J. Rushton
3rd, Mr. Bert Bond 4th.

Pythian Sisters Farewell Highly Esteemed Member

The Pythian Sisters gave a fare-
well party in honor of one of their
most valued and esteemed mem-
bers in the person of Mrs. Annie
Haines, in their hall on Tuesday
evening. About 110 Sisters and
friends were present. Whist was
played in the early part of the
evening, followed by dancing and
later a musical program was ren-
dered by the following artists:—

Messrs. Lewis, Williams and
Chamberlain, and Medames Cou-
sins, Evans and Smith. The Sands
Select Choir also contributed a very
interesting and enjoyable number.

During the course of the evening
Mrs. Haines was the recipient of a
Past Chief jewel.

Hockey Pictorial is a Book of Champions.

The Journal has received a copy
of the Hockey Pictorial, 1926 edi-
tion, which is now on sale at all
newsstands, and which is at once
the handsomest and most complete
publication ever produced in the
world for any single sport.

Old-timers will be interested in
the handsome halftones of the teams
who were prominent a generation
ago, while the younger enthusiasts
will enjoy the reproductions of the
more recent winners.

The book is not only lavishly il-
lustrated, but is literally crammed
with much interesting information
regarding individuals, clubs and
leagues throughout the country.

Local hockey fans will also find
very interesting group pictures of
the Coleman Tigers, last year's sen-
ior Alberta champions and Allan
Cup finalists. Also pictures of the
1924 Bellevue Crow League team,
and Blairmore 1923 champions.

The book, which is published by
George King, 84 Victoria St., Tor-
onto, a well known Toronto sports-
man, is a credit to the game and
its publisher.

Here and There

The sea fish catch on both coasts
in Canada for the nine months end-
ing September, 1925, was worth \$15,
997,076, as compared with \$18,115,
456 for the same of 1924, an increase
of \$1,883,620.

A gold medal has been awarded
to the Canadian Pacific Railway for
the Company's exhibit at the Cana-
dian National Exhibition this year.
On one side of the medal is a por-
trait of the Hon. Howard Ferguson,
Premier of Ontario, while on the
other is a scene on the exhibition
grounds.

E. W. Deatty, chairman of the
British Columbia, after a forty-
minute fight turned out to be a
monster—rainbow speckled trout,
weighing 17½ pounds, with a length
of 36½ inches and a girth of 2½.
It was mounted and exhib-
ited in the windows of the De-
monition Express Company, Montreal,
before being shipped to the owner in
England.

A fish caught in Shuswap Lake,
British Columbia, after a forty-
minute fight turned out to be a
monster—rainbow speckled trout,
weighing 17½ pounds, with a length
of 36½ inches and a girth of 2½.
It was mounted and exhib-
ited in the windows of the De-
monition Express Company, Montreal,
before being shipped to the owner in
England.

Live stock exchanges are to be
formed in Montreal to prevent the
sharp decrease in the number of cat-
tle. In the period 1920-1924, there
was a reduction of 331,000 head of
cattle in the province of Quebec.
Because of the low prices for live
stock, the Quebec farmer has re-
fused to face the long period of feed-
ing and holding, and kills the calves.

Conquering Hot Temper.

By Dr. C. M. Hincks, Medical Director,
Canadian National Committee for
Mental Hygiene.

Children ought to have the op-
portunity of learning to control an
outbreak of temper. Do not shield
and protect them from friction.
They will meet it in later life and
opposition is a sort of "tonic" to
teach them to master themselves.

They should learn before they are
a year old that crying and fits of
temper will not get them what they
want. Teach them that control and
not temper will win their desires.

Whenever possible, an attack of
temper should be cut short at the
beginning. Petting or indulgence
rarely pays. Extreme corporal
punishment on the other hand is
often a mistake. To ignore the at-
tack or to put the child to bed, is
sometimes the best remedy.

In older children the bad habit
may be broken by pointing out that
anyone who loses his temper makes
a fool of himself; loses his dignity
and is ridiculous and sometimes a
contemptible object to his fellows.
Nobody likes to make a donkey of
himself. "He who conquers him-
self is greater than he that conquers
a city," can be used to encourage a
child to acquire selfmastery.

The experts of the United States
Department of Agriculture propose
to exterminate the midwest. Luckily
they can only do so in their own
country. It will continue to flourish
in countries less concerned about
shooting holes in traditions.

Believe Germany Will Defer Entering Into The League For Some Months

LONDON.—Germany will enter the League of Nations in March, when a special meeting of the League Assembly will convene to welcome her to membership. This plan is authoritatively stated to have resulted from further conferences among the Locarno signatories.

It is unlikely, therefore, that Germany will hurry her application for membership. Instead, the application probably will not go forward until February. Two ends will be gained by delaying the application. There would be an opportunity to reconstruct the cabinet, and there would be time between now and February for the evacuation of Cologne by the British to be completed.

The second point is the more important, for with every soldier withdrawn from Cologne grounds upon which German nationalist opposition to entry into the league is based, is decreased.

Permanent Militia Not Up To Strength

Many Took Discharge This Year
Owing to Reduced Pay
Military Training for Canadian militia units has become an urgent necessity, according to the report of the department of national defence for the past fiscal year, which has just been issued.

The report points out that in view of the large need for economy, the basis of training was altered in many respects last year, and training was limited to the minimum necessary to maintain the self-organisations. According to the report, a large number of the personnel of the Canadian permanent force took their discharge during the year, "owing to the reduction in pay, necessitated by the shortage of funds. It is necessary that the strength of the force be increased so that the unit's efficiency may be brought to a higher standard."

Greece Must Pay

League Decides Bulgaria Entitled To \$140,000 Damages

Geneva.—The League of Nations' commission which inquired into the recent Greco-Bulgarian frontier incident finds that Greece should pay Bulgaria \$140,000 levies (about \$116,000) damages.

The commission decided to recommend to the League Council that Greece should pay Bulgaria an additional \$100,000 levies (about \$73,000) for the loss of lives, for the wounded, for the loss of working days and moral suffering of the population and the cost of military measures by Bulgaria.

British May Tax Betting

Government Considers Step To Ease Financial Burden

LONDON.—A tax on betting which heretofore has not been received with official favor, may yet be resorted to by the British Government to ease the country's financial burden. A resolution in favor of such a tax was discussed in the House of Lords, when Lord Salisbury undertook that the government would consider the proposal. This does not necessarily imply adoption of the tax, but it is a step in advance of any yet undertaken.

Urges Completion Of Highway
Winnipeg.—The completion of the Manitoba-Ontario highway was urged by Dr. P. E. Doolittle, Toronto, president of the Canadian Automobile Association, in an interview here. Manitoba has 38 miles to construct, and when this is finished, Mr. Doolittle predicted Manitoba would get many United States tourists who visit the lake of the Woods district each year.

Donates \$75,000 To Restore Warship
London.—An anonymous donor has sent Earl Beatty, admiral of the fleet, \$75,000 toward the fund for the restoration of the impregnable, one of the warships in the battle of Trafalgar.

Up to the present receipt of \$75,000, the contributions to the proposed fund of \$100,000 had been arriving slowly, only \$10,000 having been collected.

Jews Subscribe \$2,000,000
Chicago.—Chicago Jews have subscribed \$2,000,000 toward a \$15,000,000 fund for relief work in behalf of the race here and abroad. The subscriptions, which covered half of Chicago's quota, included one from Julius Rosenberg, who already had announced a \$1,000,000 donation to the fund.

W. N. U. 1908

Nansen Will Sponsor Armenia

Is Self-Governing Although Part Of Soviet Republic

Geneva.—Dr. Fridtjof Nansen, famous Norwegian explorer and high humanitarian commissioner for the League of Nations, has just assumed the sponsorship of the Bolshevik republic of Armenia.

The little state which goes by the name of the Armenian Republic of Erivan has territory of 27,000 square kilometers, or about the same as that of Belgium, and a population of 1,200,000, of whom 95 per cent. are Armenians.

While the republic forms part of the Union of Soviet Republics, it is, nevertheless, entirely self-governing with its own administration, law courts, university and schools. The official language is Armenian, and the government is entirely free to grant concessions and carry on financial loans and operations on its own account.

The present government has been in power for four years. According to Dr. Nansen the government has been able to reconstruct the whole social and economic system of the country.

Stranded In Orient

Philadelphia Girls' Baseball Tour Came To Abrupt End

Victoria.—Stranded in the Orient without funds when their baseball tour came to an abrupt end, ten girls of school age from Philadelphia, calling themselves the "Philadelphia Bobbies," arrived here on the liner Express of Russia, their passages having been paid by a wealthy East Indian merchant of Hong Kong.

The girls passed through Victoria two months ago to play a series of games in Japan. The first appearance was met with crowded gates, more than 20,000 persons paying to watch the "Bobbies" in action, but the tour languished.

Severe Storms In Rome

Intense Cold and Heavy Snow Causes Much Suffering

Rome.—Continuance of the unusually tempestuous weather is causing considerable damage as well as great suffering among the poor, with heavy rainfall and gales in Naples and Calabria and intense cold and heavy snow along the Apennines and Trentine Alps. Many rivers, notably the Volturno, are at their banks. Houses are being swept away, and the inhabitants in Naples are fleeing. The firemen are busy propping up houses undermined by the waters.

Change In Property Law
Edmonton.—Changes in the Alberta law regarding property rights as between husband and wife will be the subject of inquiry by a special committee that is to be appointed shortly by the Provincial Government.

It is stated, however, by Hon. George Hoadley, acting premier, that the committee Property Act which was introduced by Hon. Mrs. Parly at the last session of the legislature, and given first reading, will not be re-submitted at the coming session.

To Scrap Naval Ships
London.—Thirty-seven British naval ships will be scrapped in the immediate future, J. C. C. Davidson, under secretary of the admiralty, said in the house. This list will be made up of three cruisers, five depot ships, 18 destroyers, seven submarines, three trawlers and one diffuser.

Byomarine Is Abandoned
London.—Diving operations in the attempt to find the lost monitor, submarine M-4, have been discontinued, an admiralty statement says. No further results have been obtained and it is not considered necessary to prolong the search, as the cause of the disaster has been fully established.

Italy Has Most Earthquakes
Rome.—More than 100,000 earthquake shocks have been recorded all over the world during the last 50 years, according to statistics published here. Most of these were only short tremors. Italy experienced the largest number of shocks, about 25,000, while Japan had only eight less.

Cowichan, B.C., Fire
Cowichan, B.C.—A fire which for a time put the whole settlement in jeopardy, destroyed the building housing the post office here.

Good Season On Great Lakes

Report Shows Year Just Closed Best On Record

Chicago.—The greatest season in the history of shipping on the Great Lakes has just closed, with an approximate total tonnage of 85,000,000, largely to better conditions in the steel industry which caused a record total of iron ore shipments. The year included a slight but notable expansion in deep sea shipping although the Welland Canal, entrance to the Great Lakes west of Ontario is limited to vessels drawing 13 feet. Several shipments were received direct from Europe. The port authorities of the Duluth district reported 11 foreign ships clearing Western Lake Superior ports this year, eight of them Norwegian.

The 1925 season has been remarkably free from disaster, only two ships being sunk with a loss of a few lives.

The movement of grain from the northwest and Canadian producing regions down the Great Lakes was considerably less this year than in 1924, which holds the season's record of 543,500,000 bushels.

The three commodities constituting the bulk of the lake traffic were ore, coal and grain. The Duluth port records this year showed 10,305 ships arriving, compared with 9,783 last year.

Saskatchewan Assembly

First Session of the Sixth Legislature Is Opened

Regina.—When the Saskatchewan Legislature assembled for the first session of the sixth assembly, the accompanying ceremonies were shorn of much of their brilliancy by the necessity for mourning consequent upon the death of the Queen Mother.

Following the usual formalities attending upon the opening of a new legislature, the speech from the throne was delivered and an adjournment was made.

The intention of the government to propose making provision for another examination by experts of the possibility of utilizing the latent power resources of the province was perhaps the most important announcement in the speech from the throne delivered by Lieutenant-Governor Newlands.

Introduction of measures dealing with industrial disputes, co-operative marketing, arrears of taxes, cities and various amending bills was also shadowed in the throne speech.

Walter George Robinson, government member for Francis, was unanimously elected Speaker of the Legislature on the motion of Premier Dundas, seconded by Hon. A. P. McNab, minister of public works.

Australia Removes Ban
Melbourne.—Premier Stanley Bruce has announced the removal of the ban against immigration from Germany, Austria-Hungary, Bulgaria and Turkey, former enemy countries.

In the case of persons entering during the war and deported, special permits will have to be obtained before they can re-enter the Commonwealth.

Champion Shorthorn Sold
Chicago.—King of the Fairies, champion Shorthorn bull of the world, exhibited at the International Livestock and Horse show here by the Prince of Wales, was sold for \$10,000 to J. C. Baker, Kansas City, Mo., owner of the Baker Shorthorn Farm. The animal is five years old and weighs 2,500 pounds.

Business Conditions

Improving In West

Outlook For Future Is Bright Says C.P.R. Official

Montreal.—Even prior to the gathering of the banner crop in the prairie provinces, conditions in the west have shown consistent improvement this year, according to C. E. McPherson, assistant passenger traffic manager, Canadian Pacific Railway western lines, stationed in Winnipeg, interviewed at head office of the system here.

Mr. McPherson was distinctly optimistic as to the present position in the west and as to the outlook for the future.

"The crop has now been practically gathered, threshing is finished and the grain has been stored in elevators. All that remains is the transportation of what and that is going forward with dispatch, as may be seen by recently issued statistics. This means that a great volume of money is steadily coming in to farmers which gives them full opportunity to clear off debts, leaving enough over to enable them considerably to extend the purchase. The effect of this latter condition is obvious in the already much improved movement of westbound merchandise."

Announces Remedy For High Blood Pressure

Possibilities Disclosed in Research At University of Toronto

Toronto.—Six months of intensive work in Toronto University's laboratory, has strengthened confidence in extract of liver as a remedy for high blood pressure or for hardening of the arteries. This was announced by Dr. W. J. MacDonald, St. Catherine's, Ont., in charge of the research. The occasion was a dinner tendered him by members of the Academy of Medicine.

Experiments have confirmed the first findings entirely, he said, and both continued treatment of laboratory animals and a preliminary chemical analysis of the potent extract, indicate that the discovery is at the same time old and new. It is old in the sense and accomplished foundation upon which it is based, and new in the possibilities which it presents for a weapon, more powerful than any known before, with which to attack the prevalent ailment of high blood pressure, and the attendant complaint of hardening of the arteries.

Saskatchewan Wins In Clydesdales
Chicago.—Western Canada came into its own at the International Grain and Livestock Exposition, when Saskatchewan entries won the field clear of prizes for Clydesdale horses, including a declaration of an entry from that province as grand champion stallion of the show. This, the premier equine honor of the show, went to "Green Meadow Postponit," Clydesdale stallion, owned by University of Saskatchewan.

Saskatchewan Wheat Pool Officers
Regina.—J. McPhail, president, and L. C. Broutledge, vice-president, of the Saskatchewan Wheat Pool, were re-elected by acclamation at the initial meeting of the newly-elected board of directors in Regina.

The new executive was appointed as follows: Harry Marsh, Herschel Brooks, Cotton, Hancly, and A. F. Sproule, La Fleche. Mr. Cotton and Mr. Sproule are new members on the executive.

Lloyd George Is Now Anxious For Complete Unity Of Liberal Party

Mosul Dispute Causes Anxiety

Question Will Be Considered Before Council At Geneva

London.—Rumors of the possibility of war between Great Britain and Turkey over the Mosul boundary failed to cast a shadow on the general rejoicing over the signing of the Locarno Treaty, but the ugly problem was not forgotten and was discussed informally in the lobbies of parliament and elsewhere.

Nothing developed, however, to give more solid form to the rumor.

The delegates of the nations have gone to Geneva where the Mosul dispute will be one of the main topics before the council of the League of Nations.

Hope is expressed here that the difficulty will be straightened out in Geneva.

Constantinople.—Foreign Minister Tewfik Ruzhdi Bey, accompanied by a delegation of Turkish, left for Geneva to attend the meeting of the council of the League of Nations at which among other things the report on the Mosul question will be considered.

Hardened Criminals Need Lash

Toronto.—Chief of General W. St. Pierre Hughes, superintendent of penitentiaries, in an address here, stated that while dungeons, dark cells and flogging in penitentiaries were things of the past, he favored the judicial use of the lash for hardened criminals.

Most of them, he said, would rather face a five-year term than one application of the lash.

NEW RULES MADE FOR RELIEF OF WAR PENSIONERS

Ottawa.—A modification of the regulations governing relief for war pensioners in distressed circumstances has been announced by the department of soldiers' civil re-establishment. Relief will only be given now to "twenty per cent. pensioners," or men receiving more than twenty per cent. who are in extreme need.

That is, men who are receiving twenty per cent. or more of the full disability pension which is \$80 per month. Prior to this announcement, pensioners in straitened circumstances might receive allowances of fuel or funds to provide shelter. It has always been the practice "of the department to make these special relief grants for fuel, food or rent, but never as an actual outright money grant. The new regulation is now in force and applies to all parts of Canada.

United Livestock Growers To Co-Operate With Alberta Livestock Pool

Alberta Co-operative Livestock Producers Name Three Directors to Board of U.L.G.—Advance in Co-operative Shipping Looked For

During the past week a change in the organization of United Livestock Growers, Ltd., has been completed under which this company and the Alberta Co-operative Livestock Producers, Ltd., commonly known as the Alberta Livestock Pool, are co-ordinated. This arrangement received the unanimous approval of the shareholders' delegates at the annual meeting of United Grain Growers Ltd. and has been brought into effect as a result.

Up until now United Livestock Growers has been conducted by United Grain Growers, although for 18 months it has been carried on as a separate organization, the profits of which have been distributed on a co-operative patronage dividend basis.

Under the new plan the Alberta organization takes up a number of shares of stock in United Livestock Growers Ltd., and is entitled to a representation of three on the Board of Directors, while the three remaining directors are nominated by United Grain Growers, Ltd.

The plan of organization adopted looks to the organization in each western province of a federation of livestock shipping associations which

Mutiny In Indian Jail

Leader Was Killed in Pitched Battle With Guards

Rangoon, India.—Nineteen persons have been killed and twenty-four wounded in a jail mutiny at Pajpau, Lower Burma.

Led by a murderer under sentence of death, prisoners overpowered the guards and seized arms. Police surrounded the jail and the prisoners surrendered only after a pitched battle in which five prisoners and four guards were killed and 20 prisoners and four guards wounded.

The leader of the mutiny was among those killed.

Grain Loadings Heavy

Average On C.N. Western Lines 1,163 Cars Daily During November

Winnipeg.—Grain figures for the month just closed show an average of 1,163 cars loaded on the Canadian National lines throughout Western Canada. The total loadings for the period were 29,535 cars, containing 40,514,000 bushels of grain, slightly higher than the records created by the company during October, more than 9,000 cars higher than in November last year, and 2,221 cars more than in the same month of 1923, when a heavy crop movement was experienced.

Yeggonman Easily Scared

New York.—The squeals of a dying rat which presumably had its life ground out beneath the heel of a Yeggonman are thought to have scared some blowers who abandoned \$20,000 worth of diamonds after they had opened a safe in a jewelry store.

THURSDAY, DECEMBER 10, 1925

LEARNING BY MIXING.

Instead of continually fighting each other, wise businessmen co-operate and learn from their fellow businessmen the various improved methods of merchandising and salesmanship. Business life is all too short in which we all may devise perfect systems. Necessarily, we must learn something from the other fellow.

A SPLENDID STATEMENT.

In a recent advertisement of the "personal" type, the advertiser made this statement to the public, which needs neither improvement nor comment: "I believe I have won your confidence by actual performance, and I solicit your patronage and shall deserve it in service rendered."

Along with the submarine let's abolish the sub-moron.

MAKE HASTE SLOWLY.

Indications point to Commissioner Dinning asking the coming session of the legislature for some changes in the Alberta Liquor Act in regard to beer warehouses. Any amendments asked for should be carefully scrutinized by parliament and nothing changed that will in any way make the procuring of beer by the bottle or case more difficult. The old prohibition act got into disrepute owing to so many changes made in it. The present act has been working very well during the short time it has been in operation, and unless the Commissioner can show good cause why it is necessary in the interests of moderation to make any changes, the legislature would be well advised to make haste slowly in this matter.

PENSIONS FOR DEAD REPORTERS?

The government of Chili has passed a law granting pensions to journalistic workers after twenty years of service. As we see it, the only trouble with such a law is that too many of the boys are likely to starve to death before pension time arrives. In the life of a journalist the first twenty years are the "darnedest."

There is an English saying that if a man's shoes and hat are correct he is well dressed. For that matter, the upkeep and overhead are the important parts of any concern.

ALWAYS A BRIGHT SIDE.

We like the shoe salesman's mild retort to the parent who expressed regret that he had to buy so many pairs of shoes for his child: "You ought to be happy that your child is healthy and active enough to require new shoes so often."

By hearsay we learn that a man will quiver just before killing a moose; by experience we know he will shudder after exterminating a bedbug.

King Tut was the Ponzi of Egypt. He was born with a silver spoon in his mouth and died at 15 with gold slippers on his feet.

France's problem is to increase her population. The land that knocks the cradle doesn't fool the world.

When it comes to the question of war, the position too many nations take is with their guns cocked.

The only thing wrong with youth is that too many adults wish they were back in it.

The human triangle is like a child on fire; somebody played with a match.

Many a girl has heart yearn over some fellow with heartburn.

It takes a long chain of events to find the missing link.

Cut this out and mail with your order to The Illinois State Register, Dept. A. 34, Springfield, Ill. Mention this paper.

Here and There

British Columbia's whaling industry produces about 400 tons of whale bone meal and 900 tons of meat and blood for fertilizing purposes annually. This is exported mostly to the United States.

According to G. F. Tomsett, superintendent of the Saskatchewan Branch of the Employment Service of Canada, about 43,000 harvest hands were brought into Saskatchewan and distributed over the province to harvest and thresh the 1925 crop.

J. Stapleton, of Regina, ordered two springer spaniel puppies from a dog agent in Liverpool on October 9th. Thirty days later they were delivered to him after a voyage and journey totalling 4,800 miles, the shipment going at the rate of 150 miles a day. This constitutes a record for speed.

Constituting a record for Canada and probably for the world, \$447,624 bushels of all grains were marketed on the lines of the Canadian Pacific Railway in Western Canada on November 15. The nearest approach to this figure was the \$406,000 bushels marketed on October 18, 1915, in the year of one of the greatest crops the Dominion has ever harvested.

Reports received at Canadian Pacific Railway headquarters this week show that four more accidents occurred in 48 cases where motorists drove their cars into trains already in the process of crossing levels. This brings the total of accidents of this kind up to thirty for the year. In all four cases the automobiles were damaged while the motorists escaped with minor injuries.

Eighty-seven black boxes, valued at about \$100,000, shipped in 44 crates, arrived at Montreal last week from Buffalo. Twenty-five of the animals were prize-winners at the Black Fox Exhibition which concluded last week, and were on consignment to the Borestone Mountain Fox Ranch at Onawa, Maine.

The Far East has heard about Canadian apples. The Canadian Pacific liner Empress of Asia carried 8,000 boxes of apples when clearing out of Vancouver last week. General trade conditions between Canada and the Far East are quite healthy as there was also on board the vessel 800 tons of Canadian flour, 100 automobiles and 160 tons of Alberta beef.

With each succeeding year Great Britain is relying more upon British colonies for agricultural supplies. In the seven months of 1925 ending July, Canada supplied Great Britain with 4,927,286 pounds of butter, compared with 154,224 pounds for the same period of 1924, and 40,456,544 pounds of cheese, compared to 20,155,504 pounds for the same period of last year.

Two beaver, six coyotes and fifteen chipmunks were shipped to England on the Canadian Pacific liner Montclair last week from the Toronto Zoo to the London Zoo. In exchange, the Curator of these gardens has been asked to supply Toronto with Corgis, Beas, Magellans and bar-headed geese; shell ducks; a female Comb Duck; two Rheas (ostriches); four Jays; two young leopards; and a Barbary Sheep. A stiff order.

Six champion juvenile swine breeders, winners in Manitoba, Saskatchewan and Alberta, have been awarded medals and trophies by the Canadian Pacific Railway and are now the guests of the latter at the Royal Winter Fair at Toronto. The young people, who competed in clubs on Canadian Pacific lines in the West are: Vern Johnson and Oscar Gudimov, Alberta; Lerne Jorgt and Fred Argue, Rouleau, Saskatchewan; Mamie Cermack and Grace Ewan, Kenton, Manitoba.

Say It With Flowers

Manitoba Bees Set out to Make a Record

Who ever heard of a hive of bees that in one day gathered no less than 25 pounds of honey? If anyone doubts that the busy bee can be as busy as all that, refer him to Mr. W. D. Wright who has a large and prosperous apiary near Souris, which is in southern Manitoba on the Canadian Pacific Railway, and if anybody doubts the fertility of the Province of Manitoba or wonders if the summer suns there shine down on wide fields of glorious bloom, let him read the following which is gathered from the columns of the "Souris Plaindealer."

It was on July 31st that the hive of bees beside which Mr. Wright stands in the above picture gathered and stored the twenty-five pounds and established a record for this continent and perhaps for the whole world. There was no doubt about its being true, because the Provincial Department of Agriculture made the test. From July 18 to August 1, the hive stood on a scale and every evening when the bees' work was done and they had gathered around their feeder to talk it over, the weight of the hive was taken. The first gain was on July 14 when 1 1/2 pounds was brought in and from that quantity the daily take varied up to 14 and 16 pounds. But on July 31, the bees got together and made a special effort just to show what they could do in the way of establishing records.

Perhaps they had just discovered that their efforts were being recorded. Anyway we can imagine that the night before, the queen called the crowd together, or perhaps only the captain of teams, and said something like this:

"Now, boys, the world's got its eye on you and tomorrow they're going to overtake you. Any lad that comes in here with less than his full load gets into trouble and

the chap or team bringing in the biggest bag gets a wax medal with my picture on one side and his own name on the other."

And how they worked that day! They worked all the other days of the season too, because the total honey produced for the season was 486 1/4 pounds. Of course there were two or three rainy days when they stayed at home and did chores around the hive, and two or three other days when it didn't rain, but they stayed home anyway to look after the local conditions or something like that. And when it was all over no doubt the queen said:

"Well, it's been a pretty good working season, I'll tell the world," and as always in the case the Queen was right. It was natural that wider spheres of endeavor should call to this queen, so Mr. Wright shipped her to a big Bee firm in Alabama who are sending him another queen now, ten of her daughters next spring and three two-pound packages of bees with three more of her daughters in command. The trade was worth \$35 to the Florida Apiculture. The locating, capturing and caging ready for Mr. Wright, M.L.A., and a representative of the Plaindealer. She was indeed a very fine lady and was head of an enormous population that objected pretty strenuously to her removal, and you cannot really blame them for that.

Mr. Wright's Florida Apiculture this year produced almost four tons of honey and he hopes that next year Southern Manitoba and the neighborhood of Souris in particular will again show the world something stirring in the way of honey production. In the meantime our friend the queen will continue her campaign for a bigger and better honey crop.

WORLD HAPPENINGS
BRIEFLY TOLD

It is the unanimous decision of the new cabinet of Arleide Island, to at once resume debt-refunding negotiations with the United States.

Pleas that the Prince of Wales complete his empire tour by going to the Irish Free State, with a view to allaying the discord between Southern Ireland and Ulster, are being made.

Eleven letters by Benjamin Franklin, including one denouncing his country for hypocrisy in the slave trade, have brought \$2,300 at auction in New York.

Without a puff of smoke from her two decorative funnels, the Swedish motor ship Gripsholm still laid port at New York, the first of her kind to cross the Atlantic.

Because he was good to his pals in jail, Chester Dlatos does not rest in his father's grave, but lies in St. Joseph's cemetery, at Auburn, N.Y., where his prison mates purchased a plot for him.

Pinehundred ministers and laymen of all denominations at a meeting in New York unanimously adopted a resolution advocating the immediate entry of the United States into the World Court.

A jump at a time, Frank Middleton, Toronto, carried home a ton and a half of coal in his tunch box. The coal was the property of either Canadian Pacific Railway, of which he was an employee.

Canada's exports to Russia have shown a rapid increase to the last year. In the 12 months ended October, Canadian exports to Russia were \$14,000,000; in the previous 12 months they were only \$48,000.

Afforestation is to be carried out from the air by direction of the ministry of agriculture. Aeroplanes are to be sent out every season by the ministry to scatter seeds over the treeless areas in Turkey.

About \$10,000 in bonds and stock was found among the effects of David Jones, proprietor of a milk and tea shop in London, who died from heart disease. He had lived as a hermit for several years.

Invitations have been sent to McGill, Laval, Toronto and Winnipeg Universities to participate in the international universities' ski-jumpers and walking contests, scheduled for January 19-23 at St. Moritz, Switzerland.

For the first time since the war, the German language was heard in the council of international chamber of commerce at Paris when Franz von Mendelsheim called the League security pact as a good omen for future peace.

Prizes Go To Grande Prairie

Two Boys Living 400 Miles Northwest Of Edmonton Earn Trip To Toronto.

All the way from Grande Prairie, 400 miles northwest of Edmonton, two boys, aged 14 and 15, who had never been out of the north country and who had never travelled on a train, came into Edmonton recently and captured the championship for the best record of girls in the contest for boys and girls big clubs in Central and Northern Alberta. These boys, as a result, were given a trip all the way to Toronto to attend the Royal Show as guests of the C.P.R. and have also won the challenge trophy offered by that railway company. They were trained by A. R. Johnson, district agriculturist for the Peace River district. The boys in this winning team were Oscar Gundlough, aged 15, who went to the Peace River country from Saskatchewan at the age of one year, and Vern Johnson, aged 14, born at Beaver Lodge, near Grande Prairie.

Letter Carrier For 52 Years Edwin A. Odell, New York, 74 years old, has begun his fifty-third consecutive year as a mail carrier along the Hoboken waterfront. In his fifty-two years of service he has delivered 20,000 letters, averaging 1,000 each day. When he started in 1881, there were only four carriers in Hoboken, while today there are fifty. "I shall continue to work as long as I am able to," he said. If retired, he would receive only \$15 a year, insufficient for needs of himself and Mrs. Odell.

How To Dabern Cattle

The easiest and most humane way to deborn calves is by the use of a hot cauterizing cautery which are but a few days old, says dairymen at the Ohio experiment station, where this method has been satisfactorily employed for many years.

Nickel is one of the metals most abundantly produced in Canada, the output of the Canadian nickel industry over 80 per cent of the world's supply.

Tourists Flock To Pacific Coast

Winter Pilgrimage to Vancouver Promises to Be Heavy This Season

Vancouver, B.C.—Tourists from the prairie provinces are beginning their winter pilgrimage into Vancouver, the publicity bureau here reports. Manitoba, Alberta and Saskatchewan automobile license plates are seen, hotels report the registration of many prairie guests, including whole families, and the proverbial long fur coats dot the city landscape.

It is predicted that prairie tourist traffic will be heavy this season, and many additional attractions await the visitor. A particularly fine concert programme, including performances by world-famous artists, and a full quota of the best road shows, are scheduled for the winter. The completion of a new bridge across Burrard Inlet, which opens up to direct automobile traffic to the scenic wonders of scenic mountain roads on the north shore, general improvement of scenic highways, and many other new features of tourist interest, await visitors.

An outstanding attraction in Vancouver is the winter livestock show and B.C. championship stampede to be held December 9 to 12th, under the auspices of the Vancouver Exhibition Association. One of the finest displays of beef and dairy cattle ever seen in this province will be on display. Sheep, swine, foxes and pet stock will also be judged, and there will be an excellent display of cowboy riding.

Vancouver is setting her house in order for the immediate arrival of her prairie guests. The greater Vancouver publicity bureau has combed every source of information of interest to tourists, and is prepared to give visitors every possible assistance in making their stay in Vancouver enjoyable. New maps, new booklets and other literature is on hand. With a particularly fine autumn, and with the prospect of roses blooming as usual in January, 1926, Vancouver's gates are wide open for the winter migration from the prairie.

Not Needed in League

Better For United States to Stay Out Says Dr. Garnett

Dr. Maxwell Garnett, secretary of the League of Nations Union of Great Britain, addressing the members of the Canadian Club at Ottawa, at their weekly luncheon, on "Some Sideglances on League Activities," said that, so far as he is able to judge, it is not all necessary for the United States to join the league now that Germany is in it. Dr. Garnett expressed the view that it would be a very serious blow to the League of Nations for the United States to go in in advance of public opinion, and then want to go out again.

Dr. Garnett, in his address, surveyed some of the activities of the League. The result of all these activities has been to establish even the league's best friends, he said. Dr. Garnett instanced also the prompt action of the league with regard to the recent conflict of the Greeks and Turks. The result of all these activities has been to establish even the league's best friends, he said. Dr. Garnett instanced also the prompt action of the league with regard to the recent conflict of the Greeks and Turks. The result of all these activities has been to establish even the league's best friends, he said.

Canada's Trade Increases

Value of Agricultural Products Helps To Swell Returns

Canada's favorable trade balance of \$627,48,255 for the month of October, as shown in the summary just issued at Ottawa by the Dominion bureau of statistics, was the largest excess of exports over imports for any October since 1917, and compares with a favorable balance of \$355,176,247 in the corresponding month of last year. A good increase is also shown in the total trade for the month, which stands at \$224,347,869, as compared with \$171,408,577 for October, 1924. For the seven months of the fiscal year ended with October 31st, 1925, Canada's trade balance shows a favorable balance of \$131,213,293, which compares with \$120,108,849 in the corresponding period of last year, while total trade in that period is higher by nearly 200 millions.

When the October exports are compared with those in the same month of last year, the most striking change is shown in the value of agricultural products, which is higher by 22 1/2 millions. Value of forest products, exported shows an increase of nearly two millions, while value of livestock shows an increase of over a million.

Blames Wireless For Earthquakes

Dr. Nakamura, a Japanese scientist, blames wireless waves for the many earthquakes which have been recorded over the world. He claims that the wireless waves set up an internal pressure at the centre of the earth which causes earthquakes.

CLIPSE FASHIONS
Exclusive Patterns
by Gladys

Simplicity Of Line

The new high collar comes to town and tops the newest frocks. This is the type of frock that smart women know as a necessity—severely simple in effect, yet daring smartly with the aid of inverted plaids at the side seams. It is fashioned of a wonderfully soft, with its swag collar lying at the throat. Two plain trimming bands—one running from the right shoulder to a point below the waistline, and one from the left shoulder to a point above the waistline—are held in place with flat bow buttons. The long fitted sleeves also have a button trimmed band. A narrow belt is fitted at the low waistline. No. 1203 is in size 16, 18 and 20 years (or 34, 36 and 38 inches bust). Size 18 years (or 36 bust) requires 3 1/2 yards of 36 inch, or 3 3/4 yards of 40 inch material. Price 20 cents.

The designs illustrated in our new Fashion Book are advance styles for the home dressmaker, and the woman or girl who desires to wear garments dependable for taste, simplicity and economy will find her tastes fulfilled in our patterns. Price of the book 10 cents the copy.

Another Remarkable Invention

Sounds Are Recorded When Pictures Are Being Taken

Attendees at a meeting of the Radio Society were startled to see their roosters crowing, dogs barking and sheep bleating in a film through an invention of C. F. Elwell, by which two records, sound and pictorial, are taken and recorded simultaneously. The sounds from the loud speakers at the movement of the mouths with minute accuracy. Judging with the made audible seems strangely like.

As with the wireless, the sound is converted by a microphone into electrical waves, which are recorded by the sensitive cell of the invention. Elwell claims the new method is inexpensive, and says many subjects ineffective on the silent screen are opened up now.

Manitoba Attains Distinction

Makes Clean Sweep in Butter Competition At Toronto

An outstanding feature of the Royal Winter Fair at Toronto has been the clean sweep achieved by the province of Manitoba in the creamery butter competitions. In five classes judged Manitoba took first in every one and in the first class in dairy butter judged by Manitoba men took first. The Shool Lake Creamery, Shool Lake, Manitoba, had the highest percentage for butter. Judges claim the butter exhibit to be the finest ever shown in Canada.

"Limousine" Not French Word

Persons who have been boldly using the word "limousine" to describe their most valued automotive possession, alive in the belief that it was of excellent French origin, should know that it has just been accepted by the French Academy as a word in good usage.

Big British Trade Exhibitions

British Industries Fair Offers Opportunities To Canadian Manufacturers

A. M. Wiseman, British trade commissioner, in Winnipeg, announces that the British Industries Fair, which is organized by the British Government, and the Birmingham chamber of commerce, will be held simultaneously in London and Birmingham from 15th to 26th February, 1926.

This fair, said Mr. Wiseman, must not be confused with the British Empire Industries Fair, which is the largest annual trade fair in the world, was organized in 1915, and has been held every year since that date. It is purely a trade fair, and, during business hours, only buyers are admitted to it.

Different groups of trades are shown in each city so that there is no overlapping. The London groups include such important lines as silversmiths, cutlery, chinaware, stationery, leather goods, toys, clothing, drugs, food stuffs, etc., while in Birmingham the principal exhibits are machinery, metal goods of all kinds, sanitary appliances, etc.

As the principal object of the fair is to sell goods, the authorities have done everything they can, consistent with the convenience of the exhibitors, to make it attractive to buyers. There are no large crowds of sightseers to impede business, and the compactness of the exhibits makes it possible for buyers to visit all the latest developments in industry at the minimum of trouble and expense to themselves.

The British Government has issued over 150,000 invitations to buyers to attend the fair, and it is confidently expected that many Canadians will be among the visitors. In fact, it is so easy to say that no trade buyer can afford to miss the fair. British made goods are known the world over for quality, and at the present time they are more attractive than ever, while retaining the qualities which have made them world famous, they are now able to compete in any market. Moreover, the British manufacturer at the present time is particularly anxious to get his goods into Canada and is ready to meet all requirements.

A further interesting fact, said Mr. Wiseman, is that it is expected that there will be quite a number of Canadian manufacturers exhibiting their products side by side with the manufacturers of the United Kingdom. Any article, the product of the empire, can be shown and local firms are not being asked to take advantage of the opportunity.

Mr. Wiseman hopes that a large number of visitors from Western Canada will be able to attend. He will be glad to send full particulars to any one communicating with him at 703 Royal Bank Building, Winnipeg.

Does Business By Phone

Man Directs Daily Affairs In New York From Pasadena

Gen. J. J. Carthy, who happens to be vice-president of a telephone company, with headquarters in New York, believes it is possible to spend the winter in California without giving up business in the east. He transacts his daily affairs from Pasadena by telephone, and even during a sojourn at Mount Wilson he handled his daily correspondence over a telephone line connecting him with his stenographer in New York. The stenographer read to him the letters received in the day's mail and he dictated replies as comfortably as if he had been seated at his New York desk.

Many Students In Canadian Colleges

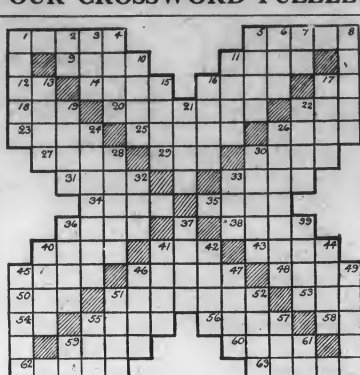

Average One In Eighteen of The Total Population

The total number of students in Canadian universities and colleges in 1924 was 52,629, or nearly one in eighteen of the total population, according to a bulletin issued by the Dominion bureau of statistics. The number in 1924 was 82. Of this total six are agricultural, two technical, two law, one dental, one for pharmacy, one for veterinary science, 28 theological, 39 military, one school for higher commercial studies, one college of art and one military college.

70 Bushels Wheat To Acre One of the best yields of wheat reported during the present season was threshed by Lyman Bullock, of the Lethbridge district, and yielded over 500 bushels from a field of seven acres. This was pedgared full wheat, which was kept specially for seed. It was grown on irrigated land. The heads were of great size and 80 kernels or more to the head were not uncommon.

A wise man never turns up his nose at the neighbors or at his wife's cooking.

OUR CROSSWORD PUZZLE

- Horizontal
- 1—Fascinate.
 - 2—Piles high.
 - 3—Two or more horses harnessed together.
 - 4—Large vehicles used for moving.
 - 5—Exclamation of surprise.
 - 6—Story.
 - 7—Let fall.
 - 8—Large European city.
 - 9—Jumbled type.
 - 10—Bed.
 - 11—Train.
 - 12—Very warm.
 - 13—Joint of the body.
 - 14—To cut together.
 - 15—Auricles.
 - 16—To clean.

 - 25—Mop for cleaning decks.
 - 26—Silver white metal.
 - 27—Kind of respect.
 - 28—Negative.
 - 29—Behold.

Canadian Success At Chicago

Many First Prizes Go To Canada At Big Exhibition

For Canada to win five first prizes, the senior and grand championships for bulls and a reserve junior championship for females in Shorthorns at the Chicago International, is in the opinion of Dean Rutherford, University of Saskatchewan, a wonderful achievement. In addition to above awards, T. A. Russell, Toronto, won first in the cow class, with Waterloo Princess 42nd; James Douglas, Caledonia, won first in senior calves with a calf that was already a reserve junior champion and first junior calf.

The winning of the bull championship of Alberta is still the talk of the show ring.

E. A. Wright, Driveway, won first in his class with a Shorthorn steer of his own breeding.

In the Hereford bulls, A. O. Bager, Dayland, Alberta, won third in the two-year-olds. In Angus bulls, while there were no entries directly from Canada, there was a good deal of interest in the large number of prizes won by stock bred by J. D. MacGregor, Brandon. The junior champion, shown by Ken MacGregor, of the Harrison stock farm, California, was bred at Brandon. The reserve senior and reserve grand champion was also a MacGregor breeding.

Canada won eleven out of twenty prizes in the six-year-old class. Canada did not get in the money in other variety varieties. R. V. Peterson, Victor, Montana, won the barley sweepstakes. J. M. McChes, Marquette, Sask., won second; George Avery, Kelso, Sask., eighth; W. Catell, Koyostown, tenth; Wm. White, Man. eleventh; James Carr, Warrndon, Man., twelfth; Thos. Nuttall, Treherne, Man., thirteenth.

P. J. Lyons, Havelock, Man., fourth; H. L. Goltz, Bardsville, Ont., twelfth; J. H. Beavis, City, Man., twenty-first.

Two Manitoba teams won first and second in the non-proportion class weighing over 3,200 pounds. They were exhibited by Boyd Bros. of Warren. Sam and Sandy took first, Jack and Kate third.

Finish Thousand-Mile Hike

Mrs. S. Johnson and Miss Anna Rivik, of Prince Rupert, have arrived in Vancouver from their home town on the last day of their historic hike of more than 1,000 miles on foot. They were exhibited by Boyd Bros. of Warren. Sam and Sandy took first, Jack and Kate third.

We are told that wealth does not bring happiness, we know that poverty doesn't.

Knowledge of our duties is often as important as the performance thereof.

Propose Amalgamation

Saskatchewan Grain Growers Would Link Up Elevator Company With Wheat Pool

The position of the Saskatchewan Grain Growers' Association in relation to the proposed amalgamation of the Saskatchewan Co-operative Elevator Company and the Saskatchewan Wheat Pool was outlined in an official statement issued over the signatures of C. F. Elwell, president; Geo. Langley, vice-president; and J. M. McChes, president of the women's section of the S.G.G.A., emphasizing the importance of the question to be dealt with at the annual meeting of the Saskatchewan Co-operative Elevator Company. The statement says, in part:

"The attitude of our association is expressed in the following resolution, unanimously passed at our last annual convention held in Regina on January 27 to 30.

"Whereas the association has done a great deal of work, and has been successful in the marketing of various co-operative marketing institutions during the past twenty years; and

"Whereas it is now apparent that co-ordination of such bodies is necessary;

"Therefore, be it resolved that this convention go on record as favoring the adoption of a programme of co-ordination of the various co-operative bodies on the following plan, viz.: The incorporation of the existing institutions, the United Grain Growers, Limited, the Saskatchewan Co-operative Elevator Company and the Western Wheat Pools into one great co-operative marketing concern, so securing co-operative control of the marketing of our chief commodity.

"And that the board of directors of this association be empowered to take whatever action they think fit to give effect to this resolution."

Captain John Bennett, who was in charge of an English Channel steamer for many years, crossed from Dover to Calais more than 30,000 times.

Times are better than they used to be. There's no difference between a Sunday shirt and any other kind.

DAREE, SON OF KAZAN

James Oliver Curwood

A LOVE EPIQUE OF THE FAR NORTH

Copyright, 1917, by Doubleday, Page & Co.

"DAREE, SON OF KAZAN," a Vitaphone Picture, With Wolf, the War Dog, is an Adaptation of This Story

SYNOPSIS

Daree, the wolf-dog, had left the cabin of Pierrrot, the trapper, to join the wolf pack. But the wolves would not have him—he was only half-wolf, and back to the cabin he went, to be the guardian and pet of Nepeese, the trapper's daughter, henceforth. One day Pierrrot revealed word from McTaggart, the factor, asking him to go to Lac Ishn and help in the general store for a few days, while McTaggart was away. It was a strange request and caused Pierrrot to wonder.

CHAPTER XIX.—Continued

"And—Nepeese" said Pierrrot, "Meu expects me to bring her?"

From the stove the Willow bent her head to listen, and her heart leaped free again at Daree's answer.

"He said nothing about that. But surely—it will be a great chance for the wolf-dog."

Pierrrot nodded.

"Possibly, Neotum."

When Daree was about to leave the next morning, Pierrrot said:

"You must take me to Lac Ishn."

"You must not go on a journey, but that has been, and that will be, sick when I arrive at the post. And yet, if it should happen that you care to go—"

Nepeese straightened suddenly, like a reed that has been caught by the wind.

"You!" she cried, so fiercely that Pierrrot laughed, and rubbed his hands.

So it happened that on the second day after the fox-hunter's visit Pierrrot left for Lac Ishn, with Nepeese in the dog-wagon, his good-bye until he was out of sight.

On the morning of this same day Dan McTaggart rose from his bed while it was still dark. The time had come. He had hesitated at murder—the killing of Pierrrot; and in his hesitation he had found a better way. There could be no escape for Nepeese.

He ate his breakfast before dawn, and was on the trail before it was yet light. Purposely he struck due east, and so in coming up from the south and west Pierrrot would not see his sledging tracks. For he had made up his mind now that Pierrrot must never know and must never have a suspicion, even though it cost him so many more miles to travel that he would not reach the Gray Loon until the second day. It was better to be

door when the Factor from Lac Ishn entered the cabin, and for a few seconds she did not turn. Her first thought was of Pierrrot—for some reason he had returned. But even as this thought came to her, she heard in Daree's throat a snarl that brought her suddenly to her feet, facing the door.

McTaggart had not entered unprepared. He had left his pack, his gun, and his heavy coat outside. He was standing with back against the door—and at Nepeese—in her wonderful dress and flowing hair—he was staring as if stunned for a space at what he saw. Fate, or accident, was playing against the Willow now.

It was not a long interval in which their eyes met in that terrible atmosphere of the night. While seconds were unnecessary. At last she understood—understood what her peril had been that day at the edge of the chasm and in the forest, when fearlessly she had played with the menace that was confronting her now.

A breath that was like a sob broke from her lips.

"Meu!" she cried to say. But it was only a gasp—an effort. She seemed choking.

Plainly she heard the effect of the iron bolt as it locked the door. McTaggart advanced a step.

Only a single step—McTaggart advanced. On the floor Daree had remained like a carved thing. He had not moved. He had not made a sound but that was warning snarl—McTaggart took the step.

And then, like a flash, he was up and in front of Nepeese, every hair of his body on end; and at the fury in his eyes McTaggart lunged back against the barred door. A word from Nepeese in that moment, and it would have been over. But an instant was lost—an instant before her cry came. In that moment man's hand and brain worked together, together they knew understanding; and as Daree launched himself at the Factor's throat, there came a flash and a deafening explosion almost in the Willow's eyes.

It was a chance shot, a shot from the hip with McTaggart's automatic. Three fell short. He struck the door with a thud and rolled against the log wall. There was not a kick or a quiver left in his body. McTaggart laughed nervously he showed his pistol back in his holster. He knew that only a brain shot could have done that.

With her back against the farther wall, Nepeese was waiting. McTaggart could hear her panting breath. He advanced halfway to her.

"Nepeese, I have come to make you my wife," he said.

She did not answer. He could see that her breath was choking her. She raised her hand to her throat. He took two more steps and stopped. He had never seen such eyes.

"I have come to make you my wife, Nepeese. To-morrow you will go out to Nelson House with me, and then back to Lac Ishn—forever." He added the last word as an afterthought, "forever," he repeated.

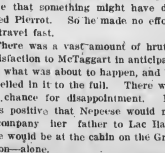

He did not notice words. His courage and his determination rose as he saw her body drop a little against the wall. She was powerless. There was no escape. Pierrrot was gone. Daree was dead.

He had thought that no living creature could move as swiftly as the Willow when his arms reached out for her. She made no sound as she started under one of his outstretched arms. He made a lunge, a brutal grab, and his fingers caught a bit of her hair. He heard the snap of it as she tore her hair free and ran to the door. He had thrown back the bolt when he caught her and his arms closed about her. "He dragged her back, and now she cried out—cried out in despair for Pierrrot, for Daree, for some miracle of God that might save her.

(To be continued)

Streets in London were not paved until 1533.

CHAPTER XX.

"Was staring as if stunned for a space of what he saw."

This aloneness was to Nepeese burdened with no thought of danger. There were times, now, when the thought of being alone was pleasant to her, when she wanted to dream by herself, when she violated things into the mysteries of life she would not admit even Pierrrot. She was growing into womanhood—just the sweet, child-like bud of womanhood as yet—and a girl with the soft velvet of girlhood in her eyes, yet with the mystery of woman stirring gently higher soul, as if the Great God were hesitating between weakening her and letting her sleep a little longer. At these times, when the opportunity came to steal hours by herself, she would put on the red dress and do up her wonderful hair as she saw it in the pictures of the magazines Pierrrot had sent up twice a year from Nelson House.

On the second day of Pierrrot's absence Nepeese dressed herself like this, but today she let her hair cascade in a shining story about her, and about her forehead bowed a circle of red ribbon. She was not yet done. To-day she had marvellous designs. On the wall close to her mirror she had tacked a large page from a woman's magazine, and on this page was a lovely vision of curls. Fifteen hundred miles north of the sunny California studio in which the picture had been taken, Nepeese, with pointed red lips and puckered forehead, was fighting to master the mystery of the girl's curls.

She was looking into her mirror, her face flushed and her eyes arow in the excitement of the struggle to fashion one of the coveted ringlets from a tress that fell away below her hips, when the door opened behind her, and Bush McTaggart walked in.

The Willow's back was toward the

NEW STRENGTH FOR WEAK STOMACHS

Indigestion Disappears When the Blood Is Enriched

The great need of all who suffer from indigestion is a tonic to enrich the blood. Pain and distress after eating is the way the stomach shows that it is too weak to perform the work of digesting the food taken. In this condition some people foolishly resort to purgatives, but these only further aggravate the trouble.

New strength is given weak stomachs by Dr. Williams' Pink Pills because these pills enrich and purify the blood. This is the natural process of giving strength and tone to the stomach, and it accounts for the speedy relief in stomach disorders which follows the use of Dr. Williams' Pink Pills. The appetite revives, food can be taken without discomfort and the burden and pains of indigestion are dispelled. The following statement from Mr. Donald L. Latier, Lakeland, N.S., proves the value of these pills in cases of this kind. He says:—"A couple of years ago I had had attack of indigestion. I had little or no appetite, and what I did eat did not agree with me and cost me much pain. As a result of this trouble my general health broke down, and I was unable to give my work. I had taken doctor's medicine but it did not give me any relief. Then a friend of mine gave me Dr. Williams' Pink Pills, and I got six boxes. Before I had completed the third box I found that they were helping me, and by the time I had taken the six boxes every symptom of indigestion had disappeared. My general health had improved and I have since been in the enjoyment of health. I look upon Dr. Williams' Pink Pills as a wonderful medicine for all who are run-down."

You got these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Write to the man who knows that he does not know it all.

Still Enjoying Life at 84

Thanks To That Wonderful Remedy

Mrs. F. H. Miller, 1643-11th Ave. N. Vancouver, B.C., writes:—"Five years ago my husband suffered terribly with severe attacks of palpitation of the heart and smothering spells, and two doctors stated that he could not possibly live six months. A friend recommended Miller's H. N. Pills, with the result that my husband is still enjoying life at the age of 84 years. He has improved so wonderfully that he can now climb the stairs without having those awful pains in his chest."

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

Women Take Up Pharmacy

Prescription filling by women is on the increase in Manila. In the latest report of 119 new pharmacists, who took the oath before the board of pharmaceutical examiners, 50 per cent. were women. Virtually 50 per cent. of the students of pharmacy in the leading colleges of Manila are women.

Minard's Liniment for bruises

A Convincing Talker: A man who can make you believe that he was run into when his radiator and the other fellow's running board are smashed.

Miller's Worm Powders will not only expel worms from the system but will induce healthful conditions of the system and, which worms can no longer thrive. Worms keep a child in a continual state of restlessness and pain, and there can be no comfort until a little one until the cause, suffering be removed, which can be easily done by the use of these powders, which are very effective.

Skyscraper For Moscow Paper

Moscow will soon have a regular American skyscraper, 12 stories, 60 feet high, to house the editorial and typographical departments of Izvestia, the official daily newspaper of the Soviet Government.

The original form of a copyright is 28 years and it may be renewed for another 28 years.

Stop that cold with Minard's Liniment

An Amazing Experiment

New York Doctor Kept Fowl's Heart Alive Since 1913

A bit of tissue from a chicken's heart, kept alive since 1913 as part of an experiment begun at that time by Dr. Alexis Carrel, would have grown large, enough to blanket Manhattan had it not been cut every twenty-four hours, according to Professor Arthur G. Green.

Professor Green said a motion picture record of what actually occurs as the tissue grows has been made by the Rockefeller Institute, where the experiment was conducted.

"It was one of the most amazing things I ever saw," Professor Green said. "The film of the growth of the tissue was taken during twenty hours and must have involved a vast amount of reel. What takes place in the twenty-four hours is reduced in it to a comparatively few minutes."

"You can see a green growth and a development, nothing short of comic. Combustions, spirals, pulsations—all the marvels of biology seem to condense themselves into these few minutes."

"Dr. Carrel introduced immortality in a physical sense. It is there before your eyes, and so long as this tissue is nurtured and irrigated, it will live. It cannot die. Its growth is so enormous that it doubles itself every twenty-four hours, and if it had not been pared down each day since the experiment began it would now be a colossal monster overreaching all New York."

Professor Green formerly was professor of chemistry at Leeds University, and for many years director of research for the British Dyestuffs Corporation.

The Oil for the Athlete.—In rubbing down, the athlete will find Dr. Thomas' Electric Oil an excellent article. It renders the muscles and sinews pliable, takes the soreness out of them and strengthens them for strains that may be put upon them. It stands pre-eminent for this purpose, and athletes who for years have been using it can testify to its value as a tincture.

To Popularize Bible in France

To make the Bible a "best seller" in France as it is in English-speaking countries, Mr. Francois Bernouard, a publisher, is going to have an edition in thirty volumes, with Hebrew and Greek texts opposite the French, with woodcuts scattered liberally throughout. Mr. Bernouard also is a poet whose work has found its way into many French anthologies.

When Holloway's Corn Remover is applied to a corn it kills the roots and the calloused tissue goes out without injury to the flesh.

Canadian (chadpar) enjoys a well-merited reputation as a raw material for the ceramic industries, being of high grade and of uniform potash content, analysis of samples from a number of years, have been used in the content of about 12 per cent.

Minard's Liniment for chiblainis

Soap was made by the Gauls over 2,000 years ago. They made it of goat's fat and ashes of beech trees.

Cobalt is used as an alloy in making cutting tools. It is principally furnished by Ontario.

Printer's Sick Stomach and Headaches Almost Cost Job

Mr. E. M. Collins of Woodhaven, N. Y., says: "Instead of plodding through my work wearily on account of my sick stomach and head aches, I now enjoy good health and ambition, can do more and better work and life is worth living. I have never before given my name to advertise a medicine, but you cannot imagine how different I feel since I discovered Carter's Little Liver Pills."

Carter's Little Liver Pills make the whole system through the liver and bowels. They act as a mild and effective laxative, in a gentle manner without any bad after effects.

Recommended and for sale by all drug stores.

A certain amount of ignorance is necessary to the enjoyment of our existence.

Bolivia, with an area of 560,000 square miles, has a population only about as large as Chicago.

The Coleman Crystal Rink at a recent meeting of the directors appointed a committee to make arrangements to see that juvenile skaters this season receive their fair share of rink privileges.

See "Charley's Aunt" and dis-

laughing.
